Please explain the nature of conflicts of interest while conducting this study (**complete only if the conflict of interests exists**):.....

.....
.....

A conflict of interest exists when professional judgment concerning a primary interest (such as patients' welfare or the validity of research) may be influenced by a secondary interest (such as financial gain or personal rivalry). A conflict of interest may arise for authors when they have a financial interest that may influence – probably without their knowing – their interpretation of their results or those of others.

The author warrants that the article is original, written by stated author/s, has not been published before, contains no unlawful statements, does not infringe the rights of others, is subject to copyright that is vested exclusively in the author and free of any third party rights, and that any necessary written permissions to quote from other sources have been obtained by the author/s.

Contribution to the Paper:

We declare that the "*ghostwriting*" and "*guest authorship*" do not take place ("*ghostwriting*" is a situation where a person contributes significantly to a publication and is not disclosed as one of the authors or named in the acknowledgments; "*guest authorship*" is a situation where an author's contribution is insignificant or non-existent and he is still listed as co-author of a publication. The contribution of individual authors to the article is presented below:
